Introduction

- I am a Computer Engineering student with a positive and innovative mindset. I am keen to learn new things which help me to sustain myself in this competitive world.

Education

- **Shree Siddhi Vinayak English High Scholl** 2018
  SSC
  87.40

- **K M Agrawal College** 2020
  HSC
  86.00

- **Terna Engineering College** 2021 - 2024
  BE Computer Engineering

Experience

- **Let's Grow More** 01/08/2022 - 31/08/2022
  Internship
  I did an one month internship at Let' s Grow More.
  It was a great experience and I learned new skills like in web development fields.

- **Sparks Foundation** 01/09/2022 - 30/08/2022
  Internship
  It was also an one month Internship.
  Here we were assigned a task and we have to submit it before the due date.
  In that I learned how to store users I database using php and to perform CRUD operations

Projects

- **Online Quiz System**

  Created an Online Quiz System Website where admin can add quizes and the student can attempt the Quiz at the respective time.

- **Gym Management System**

  Created a Gym website using Front End languages and backend languages where user can access the package, book it and can do online payment.

- **To Do App using React**

  Created a React Application where user can add, edit as well as delete it list as and when possible and the data will be stored in it's local storage. So whenever user visits he/she can able to see his/her todos.

- **Notes App**

  Simple React Notes App where user can add the note.

Skills

- Front End Languages
- C++
- React Js

Objective

To enhance my skills, capabilities and knowledge in an organization which recognizes the value of hard work and trusts me with responsibilities and challenges.

Certifications

- Udemy Certifications on Front End Languages.
